Activation and Usage Requirements

You must activate it by dialing 611 from your Access Wireless handset. Access Wireless service is a prepaid service offered by the company to subscribers eligible for Lifeline and discount benefits in states where it is authorized to do so. To maintain your service and benefits, you must personally activate the service by placing a call, initiating data usage, or by responding to instructions from Access Wireless to activate the service. To keep your account active, you must use the service at least once during any 30-day period by completing an outbound call, sending a text message, using cellular data, purchasing additional service from Access Wireless, answering an in-bound call from someone other than Access Wireless, or by responding to a direct contact from Access Wireless confirming that you want to continue receiving service from Access Wireless. If your service goes unused for 30 days, you will no longer be eligible for Lifeline and your service may be suspended (allowing only 911 calls and calls to the Access Wireless's customer care center) subject to a 15-day cure period during which you must use the service (as described above) in order to fully re-activate your service, keep your telephone number and remain enrolled in Lifeline, as applicable.

By checking this box, I hereby certify that I have read and understood the disclosures listed above regarding activation and usage requirements.

One Lifeline service per household disclosures: Lifeline is a government assistance program and willfully making false statements to obtain a Lifeline benefit can result in fines, imprisonment, de-enrollment or being barred from the program. Lifeline benefits are limited to a single line of service per household.
